## President's Message

On behalf of the Women's Service League of Union Hospital, I welcome you to the 1979 Designer's Show House.

Your past support enabled us to donate \$9,000 in 1974 to the OB/GYN Department, \$13,500 in 1975 for monitoring equipment for Post-Coronary Care, and \$15,000 in 1977 for lobby furnishing for the Phase II building program. Proceeds from this, our fourth, Show House will be used for an Acute Kidney Dialysis Unit.

The Women's Service League, through the hard work and dedication of its members and the kindness and cooperation of all of you, has contributed over \$265,000 to Union Hospital to date.

We thank you, and invite your continued support in an ongoing program of service to our hospital and our community.

Thank you,  
Jeannine S. Hahn  
(Mrs. James Hahn)

**COX-SCHELL-BLUMBERG HOME**  
**328 South Fifth St.**  
**1894-1979**

For eighty-five years, the Cox-Schell-Blumberg home has been one of the outstanding historical landmarks in Terre Haute. Graced by terra-cotta sculptured gables, two hexagon towers, the overall massing of architecture is a fine example of native America. The Victorian house seems particularly impressive of the rising American aspiration of the turn of the 19th Century. On the interior adjacent to a large foyer a grand staircase and landing with a muted glow from the stained glass window carved stair-grille, enhanced by the beauty of a red ceramic tile fireplace and curved window seat, creates an atmosphere of a by-gone era. The additional tile and ceramic fireplaces are found in the home on the first and second floors. The tower areas in the living room and morning room are additional features of interest.

The original owners, Robert S. and wife Frank (Day) Cox, purchased the corner plot where they built the handsome home in 1894. Robert S. Cox, was the son of Robert S. and Hannah (Schell) Cox, born in Terre Haute, June 28, 1858. He was graduated from the Polytechnic School of Arts in Zurich, Switzerland in 1880. Joining his father, President of the Terre Haute Car Works, he became a superintendent in 1886. In 1897 the Cox's moved to Buffalo where Mr. Cox became associated with the American Car & Foundry Co., he also became President of the Buffalo Car & Foundry Co. He was a prominent citizen and successful businessman, civic leader, striving for the growth and progress of Terre Haute and Buffalo until his sudden death in 1911.

Mr. Cox's ancestors were early pioneer citizens and successful businessmen of Vigo County. His grandfather owned a wholesale grocery business, R. S. Cox & Son, which later became known to the area as Hulman & Cox following a merger with Mr. Herman Hulman. His father was additionally engaged in other businesses such as Terre Haute Distillery and Terre Haute Car Works. The Cox family's outstanding contribution to education, growth and progress of Terre Haute are constantly in view.

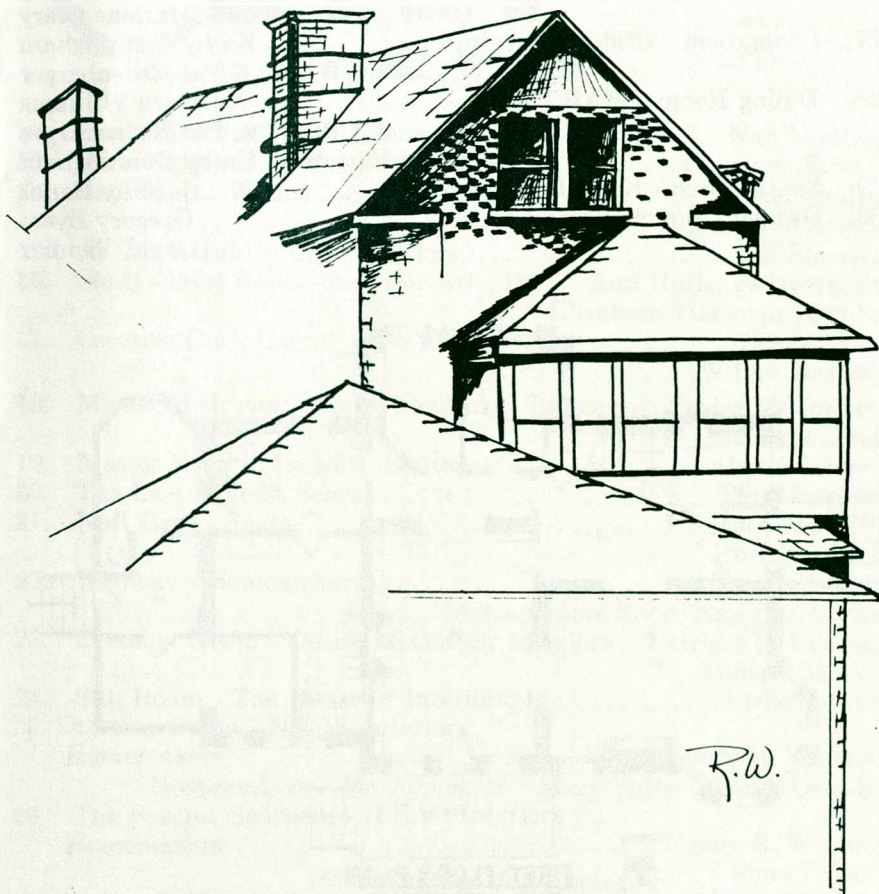

In 1900, Mrs. Cox sold the home to Dr. & Mrs. Walker A. Schell. The Schells made their residence at the house until 1907 when they moved into their new residence on South Sixth Street. Dr. Schell, was a native of Spencer, Indiana, he was the oldest and most prominent physician in Terre Haute for 25 years. His medical education was broad and his contribution to Medical Societies locally and nationally will long be remembered.

Other owners were Mr. Max and Theresa (Ravitch) Blumberg, who purchased the home from Mrs. Schell in 1916 and became their family home until Mr. Blumberg's death in 1934. He was the founder of Security Loan Co. Their only child, Benjamin, born in Terre Haute, April 22, 1889, attended local schools, and was graduated from the University of Chicago Law School in 1913. He was united in marriage with Fannie Burgheim, in 1916; and to this union four children were born. Benjamin joined his father in business becoming very active until merging with

Seaboard Finance Co. in 1957. Following the death of Fannie Blumberg, Benjamin remarried, Dr. Betty Foster, an artist and emeritus professor at Indiana State University.

In December 1940, Benjamin presented the family residence to the Public Health Nurses Assoc. as a gift in memory of his mother, Theresa, who was one of the founders and patrons of the Association. Benjamin, deceased, was a well known financier and philanthropist, remembered for his creative organizational work in behalf of civic, educational and religious institutions.

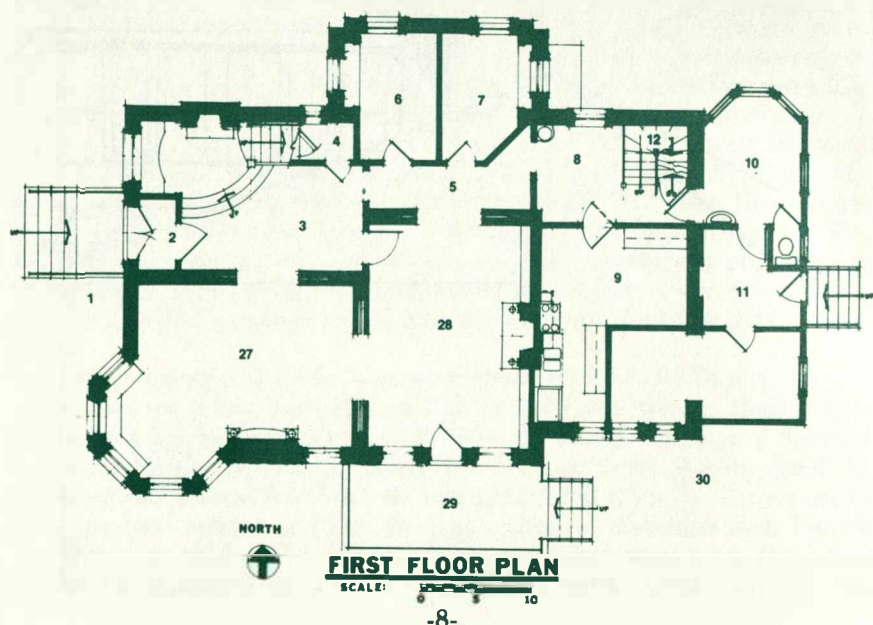

The present owners, Visiting Nurses Association, became the owners in 1956. The Associations generous donation of the house, made the Women's Service League of Union Hospital's philanthropic project a reality for 1979.

The mood is set by the large shade trees & flowering Magnolias which grace the property. With the addition of Weeping Hemlock, soft-petaled Amelanchier, and flowing Cotoncasters, an effort has been made to enhance the natural appeal of these original varieties, while also softening the hard lines of the rather imposing structure.

As one approaches the front entry, the landscape offers a feeling of quiet, yet welcomes the visitor who takes the time to enjoy the soft filtered light an soothing undertones of pale, flowering perennials.

## Introducing a revolutionary new VideoBeam® TV from Advent.

Advent changed television when they introduced their life-size VideoBeam TV in 1973. They put an end to little people in little boxes.

And now they have a new giant-screen television with a computerized tuner and a revolutionary low-profile look: The Model 760.

The Model 760 projects a bright, clear SIX-FOOT\* picture from an attractive console about the size of a coffee table (less than 18 inches high). This new styling allows the 760 to blend easily into existing rooms and decor. And its computerized tuner and digital remote control allow you to change the stations and volume from anywhere in your room.

The model 760 will let you see things on TV you've never seen before. Sports and movies come to life. And with our payment plan, **you can own the Model 760 for \$99.00 a month.\*\***

# *Visiting Nurse Association*

of Terre Haute, Indiana

Visiting Nurse Association of Terre Haute, Indiana is a member agency of the United Way of the Wabash and has been in operation since October 1, 1916. It provides skilled nursing care in the home under the direction of a physician, for all ages and all illnesses. Physical therapy, home health aides, nutritional instruction, and a loan closet of wheelchairs, crutches, walkers, etc. are additional services available to the residents of Vigo County. The Maternal Health Clinic gives prenatal and postpartum care for families unable to afford the services of a private physician. The total number of home visits in 1978 were 6,217, seeing 701 patients. There is a fee for nursing care which is adjusted according to the patients ability to pay. Office hours for the VNA are 8:00 A.M.-4 P.M. Monday-Friday and for emergency calls on Saturday 8:00-12 Noon. For questions about care provided or for assistance in home care call 232-7611.

### AMBIANCE

Enter a womans world ----- enjoy the nostalgic past in this traditional study. Beauty is achieved by the 19th Century furnishings and the elegance of the stained glass window.

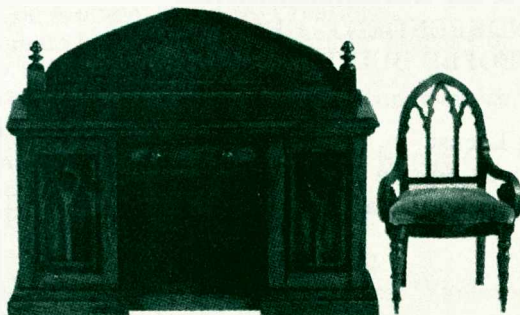

The focal point of this room is the hand crafted desk, combining the gracefulness of Country French Artistry and the rare charm of Canadian craftsmanship.

A blending of colours is accomplished with our choice of fine wallcoverings and fabrics from Schumacher and distinctive carpet by Lees.

Plan the menus, balance the checkbook or simply escape the turmoil of the everyday life of a womans world in the Ladies Study.

Dear Ms.:

Again this year the Great Scot organization salutes the hardworking members of the Women's Service League, for their dedicated efforts in bringing to Terre Haute another Designers Show House.

As in years past, the families of these dedicated women are asked to bear up bravely, while the ladies are directing their many talents toward the success of this major project.

We are happy to continue to be associated with this fine community-spirited organization.

Congratulations and Good Luck in '79.

## *The Gallery*

Windove Creations  
2900 Wabash Avenue  
Terre Haute, Indiana

designed by:  
Meg de Mougin

The Gallery is a small room designed to display pieces designed and created by local artists.

The Gallery is unique because each piece is designed and created by local artists. As a retreat for the creative, it is a quiet, yet contemporary area for reading, painting, sketching, or dreaming. A large wall hanging combining macrame, weaving, and pierced copper and brass overlay dominates the room. The hanging is complemented by a circular weaving using wool roving with pheasant feathers and a macrame window valance.

Rich tones of brass, copper, and bronze lend a warmth to the contemporary table, bold relief, and sculpture. Hand created stoneware and raku pottery is enhanced with delightful floral arrangements. Photographs of nature capture the "earth" feeling. A contemporary mahogany chair is right at home with yesterdays window seat and beveled glass bookcase, displaying smaller examples of the metalsmiths art in jewelry and lapidary creations.

Just walk on through,  
There's really little else to do,  
Unless you hesitate  
and stop awhile to meditate.  
If you like beige with a bit of blue.  
Maybe this play is you!

The back hall and stairway is a warm, exciting mini nook. A difficult to decorate hallway is closely co-ordinated with the adjacent kitchen with a blending of the wall covers of handsome craft blue ticking stripes. A china reed rug, a charming mocha brown upholstered bench with bun seat, the antique screen and woodtone etagere are the focal points. The mood has been set for a quiet place to unwind with ease to enjoy a cup of coffee while planning the activities of a busy day. The stairway leading to the second floor is decorated with the same craft wallpaper accented by a handsome hand-painted mirror making this heavily traveled area adaptable for everyday use.

Soft hues and clean lines make the kitchen a unique and inviting work place. The color scheme of parchment and blue is carried through the wall covering, soft blue cupboards, and rich carpet. The popular butcherblock style counter tops and furniture point up the natural look of this decade, and blend an old look with the new. The earth tones are echoed in sheer brown curtains.

An appealing highlight is the "Pro Chef" gourmet center, a butcher block supporting its own pot and pan rack filled with vivid blue cookware.

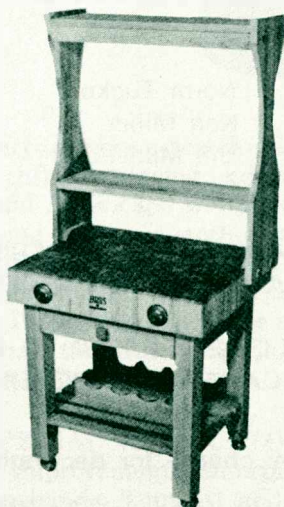

Bright accessories and almond colored appliances add a fashionable yet personal touch.

Back porches in yesteryear were a "catch-all" for raingear, storage, and work, often with the children playing underfoot.

A light paint color and Americana wallpaper is an excellent background for the housekeeping items our mothers and grandmothers used as we create an air of nostalgia.

However, a present-day Mom may use this proch to perform some of her home-making duties. The clothing rack, the message and key center, the cupboard for storage, and the schooldesk to occupy a little one make the area practical and versatile.

A design for living -- a room to be enjoyed as a study and as a guest room. The warm, spicy colors are conducive to relaxing.

Basically, there is: a sofa for lounging or for sleeping; a pair of Louis XV chairs for reading or dining; a built-in shelf area for books, television and a collection of art and possessions; and a table desk for writing or study.

The burlap cloth on the walls adds a contrasting texture to the soft cotton patterns covering the furniture and windows. It is a space given over to comfort and convenience, ease, and charm -- punctuated with many objects of interest -- a blending of old and new.

Enter into a room of tranquility where the blends of soft pastels set the mood for relaxation. Lace adorns the canopy and pillow shams of the queen-size bed. The awkward placement of the windows was overcome by the use of soft sheers and swags covering the entire wall. Far Eastern charm is added with a light blue oriental rug. The theme of relaxation is further emphasized with a Queen Anne wing chair.

I'll wager that you can't beat the excitement created when you enter the last chance parlor.

Game room it is . . . . . with the young at heart in mind, but something for everyone to enjoy. The games of chance are ages old and by combining some of today's exciting games we have tried to set aside an area where the family and their friends may relax and enjoy.

After all, the name of the game is just plain **fun**.

For the young adult at home or the special guest, this room is designed as a restful, private retreat. The romantic floral stripe wallcovering and fabric in warm, quiet colors of yellow, beige, and a soft touch of blue, enhanced by luxurious carpet set the scene for the graceful lines of lovely pecan furniture slightly reminiscent of country french.

In keeping with the tradition of this historic home, we have chosen to restore the original hand painted ceiling and border. Using this as our theme, we have selected a basket of springtime flowers to enhance the beauty of the bay window.

Subtle tones of eggshell cover the walls and floor to provide a quiet background for the crescent shaped delft sofa. A focal point in the room is a hand painted Bombay Chest.

Nature's foliage reflects itself in the massive antique full length mirror.

Bunch Nurseries

designed by:

Landscaping today is more important than ever before. Beautiful places and quiet retreats where we can "get away from it all" or just enjoy the family and friends are becoming harder and harder to find. Yet, they can quite often be provided right in our own backyard.

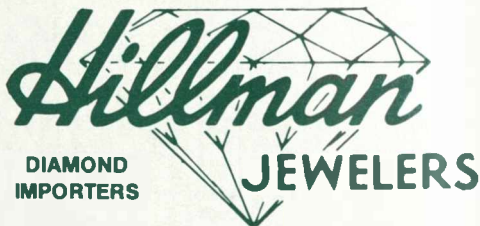

This retreat offers both room to enjoy a large gathering as well as a small area in which to relax with friends and have those long talks that you will always remember. From both entries a fountain is in view, enticing you to enter. Once you do enter, the sound of trickling water softens the busy noises of inner-city life. Around the fountain benches are provided to accomodate your family and friends. Located directly off of the central area is a small, intimate space where you can "get away from it all". This area overlooks a beautiful courtyard screening off any undesirable view. Bulbs, flowers and interesting shrubs transform it into an excitingly pleasant garden for every season.

Many people find after building an outdoor room with trees, shrubs and fences, that no other area of the home is quite as pleasant or interesting, and yet the cost is but a fraction of that of most furnished living rooms.

To Our Advertisers,

We are mindful of the very important part these advertisers have played in making possible this program. Your patronage of the many advertiser friends of Union Hospital Women's Service League is earnestly requested. We regret the omission of any names received to late for printing.

To Our Anonymous Donors,

Whose substantial but unpublished gifts have meant much to the financial success of our activities. Their unselfish support will long be remembered & appreciated.

Again we say "Thank You".

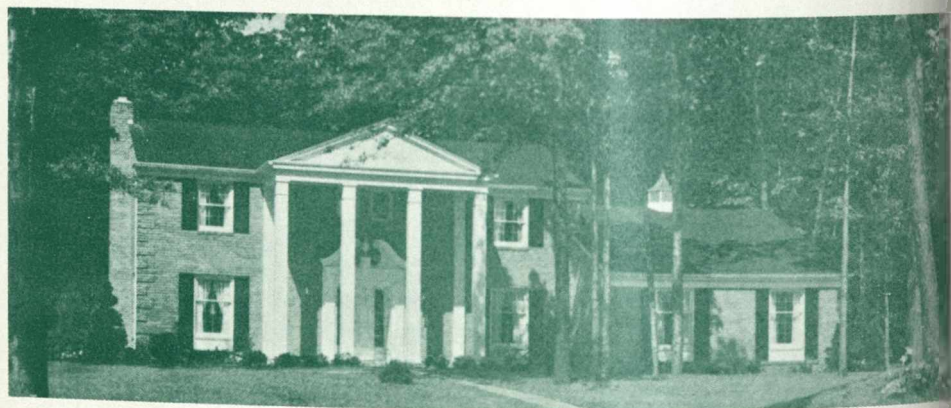

*Thank you for attending our 1979 Designers Show House. We are grateful for your support in our effort to provide furnishings and equipment for the Acute Kidney Dialysis Unit.*

*We especially want to thank the many businesses and designers who made our Show House possible. All decorating expenses are borne by these people so that proceeds may go to support our benefit.*

*Many hours and ingenious ideas are donated by these talented people, and we hope you will patronize them for decorating advice. Feel free to contact any of the designers or businesses concerning the purchase of any items in the rooms.*
